

# Drop Everything And Read

# SUTHERLAND HIGH SCHOOL

Here's what you have to do:

1. Get into a team... Or maybe you'd rather work on your own. That's cool too!
2. If you're in a team, you have to choose a captain. Pick someone responsible to keep you on track.
3. Choose a book everyone (or just you) would like to read.
4. Pick a social media platform that you will enjoy working with.
5. Draw up a plan stating what you are going to do on your chosen social media platform.
6. Start having fun!

The RULES:

- It must be clear that ALL members in your group have contributed.
- You need to be online at least once a week for the rest of the school year.
- Remember you are analyzing the book, NOT acting it out.
- Be creative!

Have a look at how you can score marks

<b>Creativity</b>	Your group must show that they thought of creative ways to "discuss" the book. This is a GROUP mark (if you are in a group)	25 marks
<b>Content</b>	It has to sound like you know what you are talking about! Some research won't hurt. This is a GROUP mark (if you are in a group)	50 marks
<b>Effort</b>	Everyone must take part! Work on it regularly. This is an INDIVIDUAL mark.	25 marks
